

## **CONFORM**

Carbon copy androids  
Synchronized machines  
Computerized,  
Immunized.

Programmed  
To suppress thinking  
Peers  
Control their thoughts

Efficient existence  
But void.  
Platonic people  
With opaque thoughts.

But in the whirlwind of her thinking  
One breaks down.  
Molecules of individuality waft around  
Conformity quivers, then dies.
